Winter 2024

As we say farewell to the past year, let us embrace 2024 with a serene mind.

Adversity is the metal that sharpens our will and impediment is the stepping stone to greater resilience. Only through obstacles can one truly appreciate the meaning of achievement.

Life's situations hold no distinction between good or bad. Fortune relies on misfortune, but likewise, misfortune hides within fortune. Only intrinsic wisdom and clarity will comprehend the true source of all actions. Time passes continuously, as with the impermanence of all things.

“Free from a discriminating mind, the heart stays happy”

Happy New Year! Year of the dragon 2024 brings honor, luck, power and nobility. The dragon is a supernatural being with no parallel for excellence.

Our CEU's Program are now available to members, so look out for the listing soon! Practitioner Level IV must complete 60 CEU and all other Levels, 40 CEU are required.
